

Dr. Disease

HISTORY

As Historians, we will research historical diseases and cures such as the Plague. We will discover the causes and effects of these diseases and learn how medicine has advanced over time.

NATIONAL CURRICULUM

- Changes in history over time and how they have impacted on today.

GEOGRAPHY

As Geographers, we will locate on a map the spread of diseases across the world.

NATIONAL CURRICULUM

- Use maps, atlases, globes and digital/computer mapping to locate countries and describe features.

ART & DESIGN

As Artists, we will use mixed media to create a portrait of a figure.

NATIONAL CURRICULUM

Create drawings, developing line, tone pattern and texture. Record information from different sources and apply different techniques. Develop own style using tonal contrast & mixed media. Develop close observational skills and simple perspective

LEARNING ACROSS THE CURRICULUM ENGLISH

Our Great book for English

Cross curricular writing

.Doctors diary entry, medical journal entries, scientific investigations, non-chronological reports.

MATHS ICT

Sorting materials, tables of results, line graphs, bar charts

SCIENCE

As Scientists we will investigate the properties of materials and the different states of matter. We will carry out fair tests to observe and identify reversible and irreversible changes.

NATIONAL CURRICULUM

- Compare and group materials based on their properties
- Know that some materials will dissolve
- Describe how to recover a substance from a solution
- Use knowledge of solids, liquids and gases to know how mixtures might be separated
