

Year

1

Term

Autumn 2

COMMUNITY

We will be observing our local area and visit parks to look for signs of Autumn and change.

OUR DRIVERS

POSSIBILITIES

We will be creative and create art work using what we have learnt about leaves and trees. We will make links with what we have learnt to create our own wondrous woods

MINDFULNESS & GROWTH

We will ask question to find the answers we would like. We will celebrate each other and the world we live in. We will understand that if we are determined we can achieve anything we want to.

INITIATIVE

We will be curious about the wondrous woods and ask lots of questions about what we see.

Into the wondrous woods

WOW!

We will become immersed in the wondrous woods, taking an Autumn walk and creating a wondrous woods corridor full of art and outdoor resources. We will be reading a story called the leaf man and creating our own from our finds on our walk.

EXPERIENCE

We will be travelling to wonderland in Telford where we will be finding all the fairy-tale houses hidden in the wondrous woods. We will also meet a very special man... Santa Clause!

CREATE

We will be creating new houses for the three little pigs using everything we have learnt about materials. We hope they will be waterproof and strong so the wolf can't blow them down.

British Values

Respect - We will respect other people's opinions and respect the world we live in; appreciating nature and the wondrous woods.

Democracy - We will all have our thoughts, ideas and stories heard.

Individual liberty - We will choose to voice our own opinions and show our work how we would like to present it to our community and friends.
