# Art Equality and Diversity Overview

| CURRICULUM | CHARACTER | COMMUNITY |
|---|---|---|

Our curriculum celebrates artists from **minority ethnic groups** and **the UK.**

Within our art curriculum, children are taught about artists from **different cultural and geographic backgrounds.**

The **ages and genders** of the artists have been considered to ensure children are exposed to younger and older artists, as well as both female and male artists.

We consider **local artists to Coventry** an important part of our curriculum to ensure children recognise how artists are all around us.

We introduce **great architects and designers** in history, as well as artists. **Photographers and use of digital technology in art** are introduced in upper Key Stage 2.
